High School Tennis

BOYS

The boys high school tennis season begins March 28th. We are proud to have many of the local varsity and junior varsity players as members of our club. FCRC wishes them a successful, safe, and fun season! One reminder: during your season, you CAN continue to take lessons (both group and private) at the club. The only thing WIAA does *not* allow is participation in our leagues (adult or junior).

COACH'S CORNER by DURAL MORRIS

Moving up to the short ball!

On short balls, I often hear players being told to turn too early, prepare their racquets too early, and then *finally* move up to the ball with their racquets back. This has the player shuffling and sometimes lunging to hit the ball. This is very counter productive because it wastes time that could be used moving to the ball and taking time away from the opponent to recover. Instead, use that time to: *1st) Move up to the short ball. 2nd) Turn and balance. 3rd) Finally, swing away!*
